

SPIKE[®] RACER

The Spirit of Moto GP

CONSTANT ALTERNATION OF STRAIGHT ACCELERATION SECTIONS AND NARROW HAIRPIN BENDS.

SPIKE® RACER

The new SPIKE „Racer“ layout is even more sporty and interactive with a new Moto GP style. Five straightaways allow the riders to accelerate through with the full 1.2g in order to really get into the curve and to fully accelerate out again. No other launch coaster offers so much fun. Only with the Spike can the passenger himself give full throttle in a high-performance machine! Of course, this layout is freely scalable as required.
