

SPIKE[®] SPINNER

with interactive launch effect

INTERACTIVE LAUNCH COASTER

SPIKE® SPINNER

The popular fidget spinner serves as our newest inspiration from the toy industry. Spike Spinner accelerates riders through dynamic S-Curves with crosses and underpasses. Total concentration is required before the launch. Riders who react just in time at the start light will gain enough momentum to clear the initial hill and drive with an extra boost. Otherwise a second attempt is necessary to get over the hill.

Track length _____ approx. 240 m

Base area _____ approx. 40 m x 40 m

Ride time _____ 25 sec

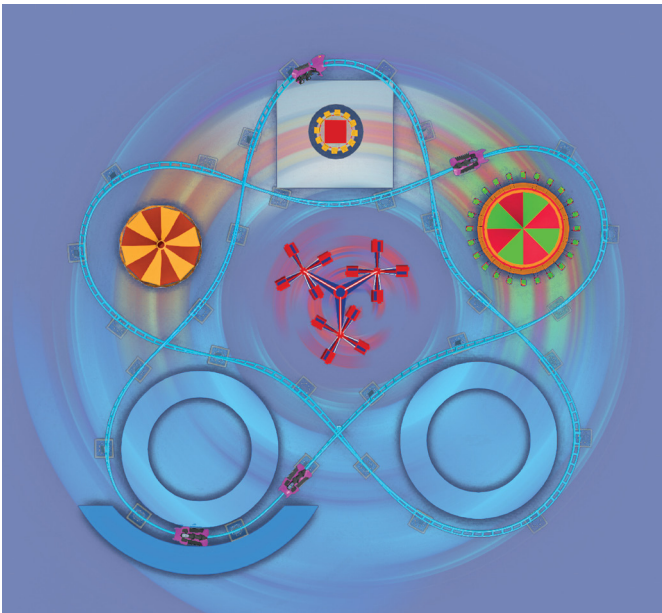

Speed _____ max. 60 km/h

Acceleration _____ max. 1,2 g

Number of Vehicles _ 4

Capacity _____ 480 pph

Height _____ 19 m
