SPIKE[®] DRAGSTER

Discover the diversity.

THRILLING INTERACTION. ACCELERATE FASTER THAN ANY MOTORBIKE AND WIN THE RACE.

SINGLE DRAGSTER

Single Dragster is a standard SPIKE® Race coaster, specially developed as an interactive attraction for smaller parks. The driving time is recorded and entered into a high score list with daily and all-time records.

Track length _____ approx. 275 m

Base area _____ approx. 97 m x 15 m

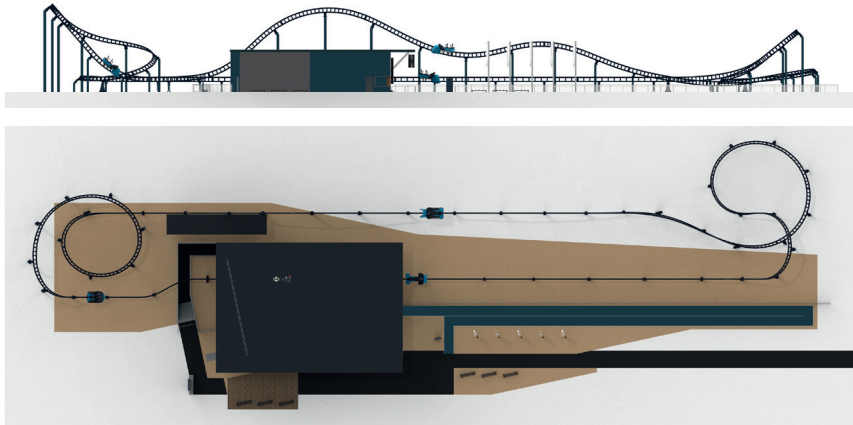

Ride time _____ 33 - 42 sec

Speed _____ max. 60 km/h

Acceleration _____ max. 1,2 g

Number of Vehicles ___ 4

Capacity _____ 400 pph

DUELLING DRAGSTER

Duelling Dragster is the SPIKE® competition standard. Because the first route is constructed identically to the Single Dragster, the second route can also be added at a later point in time. A simultaneous start on the right and left tracks, a total of eight track crossovers, as well as approx. half the ride on parallel tracks allow head-to-head racing and direct comparisons with each other. The routes have the exact same speed, but pose different demands for the drivers, such that a rematch is inevitable at the end of the race.

Track length _____ approx. 275 m
